EDUCATION

BS in Computer Engineering

STI COLLEGE - Philippines

2019 - 2023

Certified Safety Officer 1

WilSafe Training Center

2023

Introduction to Cybersecurity

Cisco

2023

SKILLS

- Good Communication Skills
- Eager to Learn
- IT Infrastructure & Network Support
- Python
- Java
- CSS/HTML/JAVA SCRIPT
- Lua

LANGUAGE

Fluent in English

Tagalog

About Me

Computer Engineering graduate with 2+ years of experience in software development and IT infrastructure. Experienced using Claude Code and OpenAI Codex for AI-assisted application development. Skilled in JavaScript, Python, Lua, Cloudflare, Firebase, Git, and building scalable software solutions.

WORK EXPERIENCE

Nov 2024 - Present

Ottodot - Singapore (Remote)

Roblox Game Developer

- Developed gameplay systems and interactive features using Lua.
- Collaborated with designers and artists to deliver high-quality educational games.
- Optimized game performance, debugging, and gameplay mechanics.
- Utilized Claude Code and OpenAI Codex to accelerate software development, code generation, debugging, refactoring, testing, and documentation.
- Contributed to web application and prototype development using AI-assisted engineering workflows.

Aug 2023 - Jun 2024

Wbridges Manpower Corp - Pasay City, Philippines

IT Staff

- Provided network and IT infrastructure support
- Set up, maintained, and troubleshoot systems and devices
- Monitored network performance and security
- Assisted users with technical issues

Jun 2024 - Jun 2025

DONOPLAY - Pasay City Philippines

Developer

- Created HTML-based mini games and integrated them into Android apps using WebView
- Developed native Android applications in Java
- Used Firebase Database for data storage and real-time updates
- Ensured smooth performance and compatibility across Android devices
